# SAME TIGHTS, NEW LOOK

The Capezio® tights you know and love have a brand new look! While the styles remain the same, we've refreshed our names and descriptions to better reflect the features of each line. From studio essentials to competition statements and everything in between, our Capezio® tights line-up has something for everyone.

Recognizing its durable compression and supreme hold, our **Hold & Stretch** line is now called **Capezio® Ultra Hold**.

Showcasing its affordability, comfort and dependability, our **Studio Basics** line is now called **Capezio® Classic**.

We are committed to maintaining the performance, comfort, and style that Capezio® customers know and love. We assure you that while the names may be different, the tights styles themselves have remained unchanged.

We are also thrilled to announce a redesign of our tights packaging. Our team of designers have been hard at work to create a fresh and exciting new look that is modern, stylish, and reflective of the high-quality product inside.

One of the key focuses of our redesign was to use entirely **eco-friendly materials** that are both recycled and recyclable. We kept the new packaging the **same dimensions** as our old packaging but added a bold tagline, clear, concise description, and **easy-to-read size guide** to help your customers better determine their perfect fit.

We can't wait for your customers to see the updates and experience the confidence and joy that comes with wearing tights that make them feel their best!
